Los adjetivos

Adjectives

Nombre _____

An adjective is a word that describes a noun. In Spanish all nouns have gender. They are either masculine or feminine. Each adjective **must agree** with the gender of the noun it describes. So adjectives in Spanish have both masculine and feminine forms. Use the form that agrees with the gender of the noun.
For adjectives ending in **-o** in the masculine form, change the **-o** to **-a** to get the feminine form.

ejemplos: (m) alto > (f) alta (tall) bajo > baja (short)
bonito > bonita (pretty) aburrido > aburrida (boring)

Write the feminine forms of each adjective.
